

**LETTER OF SUPPORT FOR 6200 ESTERO BOULEVARD MIXED-USE RESORT**

To: Members of Fort Myers Beach Local Planning Agency and Fort Myers Beach Town Council

---

I, \_\_\_\_\_, respectfully submit this letter supporting London Bay Development Group’s revised application for 6200 Estero Boulevard, the former Outrigger Beach Resort property.

As a \_\_\_\_\_ resident, I believe Fort Myers Beach needs thoughtfully planned investment that restores gathering place, improves everyday lifestyle amenities and strengthens our local economy. The south end currently lacks destinations where residents can dine, connect and spend time together without traveling elsewhere on the island.

London Bay’s revised proposal reflects community input, including reduced building height and additional on-site parking. The continued inclusion of public amenities such as beach access, a linear park, a beach-facing restaurant and beach bar ensure the property will serve residents as well as visitors.

Fort Myers Beach is still recovering from Hurricane Ian. Responsible private investment will help restore vibrancy to the south end, support nearby businesses, create jobs and strengthen the town’s tax base. Recovery should focus not only on rebuilding what was lost but on creating a resilient and sustainable future.

For these reasons, I respectfully urge you to support the revised plans for 6200 Estero Boulevard as they move through the public review process.

Thank you for your service to Fort Myers Beach.
